Wander the USA with Warm-Ups

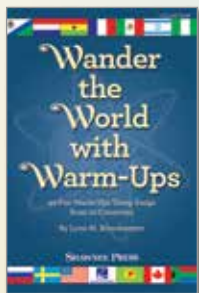

40 FUN WARM-UPS USING SONGS FROM ACROSS THE UNITED STATES

Lynn Brinckmeyer

Keeping singers in our ensembles excited and energized during the warm-up process is a consistent hurdle for educators across the nation. By using songs that are indigenous to different parts of our country, teachers in choral classrooms can help students prepare their minds, bodies and voices while sharing a bit of our culture and history from different areas of the United States. All of the songs can be used with both inexperienced beginners and advanced singers. The lesson suggestions introduced with each song are intended to be a springboard for teachers to modify and adapt to their own students' needs and skill levels. Each melody includes strategies that are accessible for those who are just learning how to use their voices, and also for those more sophisticated singers who enjoy a good challenge.

Rhythm Rescue!

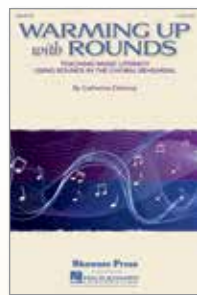

MUSICAL ACTIVITIES TO EXPAND RHYTHMIC VOCABULARY

By Lynn Brinckmeyer

The backbone of any piece of music is the rhythmic foundation. One of the biggest challenges for singers is being able to see and immediately reproduce a correct rhythm, especially if the singer does not also play an instrument. Developing that internal beat is crucial. Lynn Brinkmeyer brings her musical expertise in her

new book, *Rhythm Rescue*, with the intention to expand the rhythmic vocabulary of singers. Students of all ages are more successful if they use a physical gesture during the learning process. Singers do not have a lever, a bow, strings or buttons to push like instrumentalists do. Physiology helps solidify those rhythms in the body and Lynn has created fun and exciting rhythm exercises to teach and reinforce rhythm learning in the classroom and rehearsal. This book has two sections: Isolated Rhythm Activities and Rhythms and Pitches. Many of the songs include traditional folk songs which is an added bonus. All the strategies are intended to support the required curriculum and state and national music standards. Most of the activities are interchangeable with the different songs in the book and can also be transferred to barred instruments, non-pitched percussion instruments and performance literature. Activities include: Passing Rhythms 'Round the Circle, Partners in Common Time, Pulsing Notes, Rhythm Drills, Duple or Triple? Rhythm Treasure Hunt, Change It Up! Rhythms Rearranged, Secret Word Secret Rhythm, London Bridge Mix-Up and more! Take this powerhouse book of ideas, build upon them, modify and adapt to whatever is needed to get your students successfully reading and creating rhythms! Suggested for grades 4-12.

Warming Up with Rounds

TEACHING MUSIC LITERACY USING ROUNDS IN THE CHORAL REHEARSAL
Catherine DeLanoy

Choral rounds have been used for recreational singing for hundreds of years and are effective tools for your students to understand harmony, expand their vocal ranges, and experience a choral sound that is easily accessible to them. Music educators can satisfy state and national music standards with a carefully crafted choral

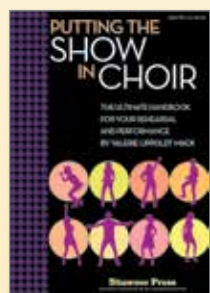

curriculum, bringing choir back into the daily classroom schedule. By using rounds as warm-ups, you can teach vocal technique, music theory, application, appreciation, and history, as well as increase your singers' understanding of scales, intervals, modes, dynamics, and terminology.

Each round in this collection has instructions on the musical focus and implementation of the song. Additional comments give insight into the historical background or practical tips for a successful performance. Several rounds were intentionally included for adolescent boys with a limited range.

Warming Up with Rounds includes both familiar and rare rounds that are easy and challenging, as well as serious and fun. Music teachers and their students will enjoy discovering the secrets that choral rounds offer and ultimately feel a great sense of accomplishment when they make beautiful, harmonious music together.

DISCOVERING THE JOY – AGAIN!

ONE MAN'S STORY,
EVERYONE'S JOURNEY*Timothy Seelig*

As children, we knew the joy of singing, dancing, painting, laughing at the top of our lungs and coloring outside of the lines. Along the way, however, our joy and creativity were muted by those around us. The most important aspect of our teaching is wrapped up in the person that we are and our own authenticity.

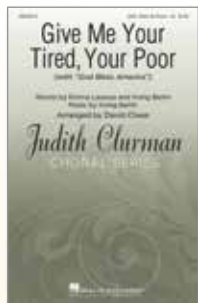

What we share with students depends on our own individual journey and what we are willing and able to communicate with them through our music. This DVD and companion guidebook will remind you of those days of youth and free spirit as well as help you to rediscover the "creativity volume knob" and turn it back to forte!

JUDITH CLURMAN CHORAL SERIES

JUDITH CLURMAN CHORAL SERIES

Music selected and curated by one of America's leading choral directors to fit the needs of advanced high school choirs, community choirs and colleges. Ranges are carefully crafted to both accommodate and advance singers. Texts are selected that connect and inspire both singers and audiences. Every piece is thoughtfully selected with programming in mind.

Give Me Your Tired, Your Poor

arr: David Chase

Now available for SAB choirs. Here is a thoughtful and reflective setting of two great Irving Berlin Songs—"Give Me Your Tired, Your Poor" and "God Bless America." Hope is always front and center in Irving Berlin lyrics and there is no exception here. The lamenting sounds of the cello keep us grounded in our commitment to welcoming the stranger as we sing over and over again, "I lift my lamp." This is a wonderful concert closer.

I Give You Peace

Dominick DiOrio

With a text adapted from the Bible, the composer has crafted a universal statement of peace. The oboe obbligato soars over this beautiful text while the choral writing is homophonic and establishes a beautiful foundation for both the text and the solo.

O Earth, Loving Mother

Mark Sirett

This work, using adapted words by one of Canada's most treasured poets, Archibald Lampman, underscores the urgent need for us all to be respectful and mindful of the fragility of mother earth, which gives us life and sustains us. This is a beautiful work for any concert lifting up earth day, the environment, socially conscience themes or plant and animal life.

Cradle Hymn

arr: David Chase

Bridging the sound between the Old English carols and the High Lonesome sound of the Appalachians, this beautiful carol with words by Isaac Watts is a delicate addition to any Christmas concert. The violin obbligato reminds us of the fiddle so present in the Appalachian music community while the a cappella choral setting allows the choir to realize the quiet and sensitive time while the baby sleeps.

REJOICE: HONORING THE JEWISH SPIRIT

Important music, both sacred and secular, along with important texts set to new music, all from the Jewish tradition have been too long absent from the concert stage. Judith Clurman has had a life-long commitment to see these important melodies and texts arranged and newly composed for well-trained choirs. Calling on some of the world's finest composers and arrangers, the music from this series is finding its way onto concert stages around the world.

Adonai Roi (Psalm 23)

arr: David Chase

The 23rd Psalm remains one of the most comforting texts to those who are afflicted with pain, loss and grief. Here is a beautiful melody written by Daniel and Nina Faia Mutlu and arranged beautifully by Broadway superstar David Chase. The music is hopeful and comforting to those who sing it as well as those who listen.

Attributed to Azriel Dovid Fastag, a Hasidic Jew, and composed on a cattle car headed for Treblinka. Jews trapped in the ghettos and concentration camps during World War II found solace in this song. The Time of Song

(NESIKHATHI INGOMA)

David Schwoebel

This anthem is divided into two distinct sections. The first lyrical portion takes a passage from the Song of Solomon and offers it in a pleasing 3/4 tune that celebrates the birth of spring. The second section is a cheerful syncopated theme with Zulu text punctuating English in a spirited invitation to praise. The words create rhythm with precision and good articulation is essential. Infant Holy, Infant Lowly

arr. Gerald Custer

A treasured carol is tastefully adorned with gentle beauty in this luminous arrangement. With respect for the core material, the piece creates a distinctive holiday spirit ideal for sanctuary or concert use. Unlike many SAB voicings, the men's part is not too high, making this a thoughtful choice for ensembles where parts above the staff would tax the vocal resources of the group. A carefully crafted flute obbligato adds magic to the glistening Christmas tableau. An instant classic!

Talía Miracula

(SUCH WONDERS)

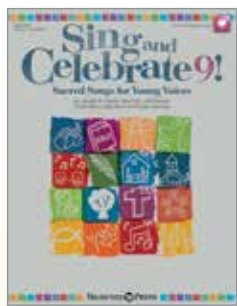

Psallite Choral Series

Pamela Stewart/Brad Nix

From our Psallite Series, we present a sacred tone poem destined to be an important addition to the choral canon. Luxurious in harmonic language, this octavo framed in Latin describes the angel's announcement of Christ's birth to the shepherds. Emerging poetically from stillness and darkness with fragile sound, the piece opens organically as the divine glory of light breaks forth with angelic "Glorias" in luminous chords. Divided voices and evocative watercolor-like dissonances create a substantial sonic stack, a challenge worth taking for choirs of distinction. The cyclical text returns to the opening darkness and silence before ending with peace. Magnificent!
